

DRIP LINE

Green Houses & Nurseries

Tree Farms & Orchards

Row Crops & Berries

DRIP LINE is a highly concentrated surfactant soil penetrant, line cleaner that is designed to maximize water flow through drip irrigation lines and emitter tape irrigation systems. When used as directed **DRIP LINE** helps to reduce buildup in lines due to water and soil impurities.

- pH balanced and non-acidic.
- Removes Blockage in Drip Tape, Micro Jets, Spinners, Splitters, Hard Tubes, and other Emitters.
- Breaks Up Fats, Oils, & Grease.

DRIP LINE is safe on all crops
