

FARM PRO

FARM PRO is a general purpose foliar cover spray designed for use on small seeded grains and corn of all types. It contains a nutrient blend fortified with the proprietary carbon synergist, (**SYNERGIZE C-3**), and (**ENERGIZE-FE**), a natural biostimulant, fermented plant extract combination.

Application of this product immediately prior to or in the early stages of grain formation in the crop gives the following benefits.

- More Grains Per Head, (Wheat, Oats, Barley, Rice and Grain Sorghum).
- Encourages Tillering Resulting in More Heads Per Plant
- More Lines Of Grain Per Ear, (Corn of all types)
- More Grains Per Line, (Corn of all types)

CONSULT THE FARM PRO LABEL FOR SPECIFIC APPLICATION TIMING ON GRAIN CROPS.
