# **KIIK-SSG**

# SMALL SEEDED GRAINS NUTRITIONAL SEED DRESSING AND GERMINATION SYNERGIST

READ ENTIRE LABEL BEFORE USE.

SHAKE WELL BEFORE USE.

DO NOT INGEST

AVOID EYE CONTACT

# **DESCRIPTION**

KIIK-SSG is a proprietary formulation of nutrients fortified with natural biostimulant germination synergists, low molecular weight organic acids, naturally derived chitosan, and yucca derived spreading agents. It is designed for use on seed at planting to promote rapid even germination and early crop establishment

### **COMPATIBILITY**

Product is generally used alone, but is compatible with most concentrated insecticides and fungicides that might also be used in the treatment of planting seeds. If the mixture compatibility is not known pre-test with standard jar method prior to tank mixing.

# **HOW TO APPLY:**

Apply in concentrated form unless recommended volume is insufficient for seed coverage, add just enough water to achieve coverage and no more.

- In planter hopper, apply recommended amount slowly while stirring completely, bring all seed into contact with the material.
- Seed processing, apply recommended amount and mix onto seed thoroughly. Seed can be pre-treated and stored away from excess moisture until planting.

### **RATE OF APPLICATION**

General rate of application is 4.0 fl. oz. to 50-60 pounds of seed. DO NOT OVER APPLY!

Use On: Wheat, Oats, Barley, and other Small Seeded Grains

NET CONTENTS: 2.5 Gal / 9.45 liters 26.19 lbs / 11.9 Kg
