

POBLANO PRO

For

Tomatoes & Peppers

POBLANO PRO Is a proprietary auxiliary nutrient compound fortified with natural biostimulants, natural fermentation extracts, diterpinic derived compounds, amino carboxylic saccharides, and proprietary carbon synergists. It is for use as a foliar supplement on tomatoes and peppers of all types to accomplish the following:

- To produce a heavy fruit set
- To increase yield
- To improve quality of produce
- To improve shipping durability of produce

POBLANO PRO IS SAFE, EFFECTIVE, & CAN BE USED UP TO ONE WEEK BEFORE HARVEST.
