

RETRIEVE
6-3-4
CROP
START SYNERGIST

RETRIEVE is a proprietary crop start synergist comprised of major and micronutrients sequestered in a base of organic acids that function as soil phosphate solubilizers, It is fortified with natural biostimulants that function as seed germination synergists.

BENEFITS:

- **REDUCED POP UP FERTILIZER COSTS.**
- **RAPID GERMINATION AND EMERGENCE.**
- **RAPID SEEDLING ESTABLISHMENT**
- **RECOVERY OF TIED UP SOIL PHOSPHATES.**
- **LOW USE COST PER ACRE**

Rate: 3 – 5 Quarts / Acre

- **Use in furrow at planting on all crops.**
- **Can be sprayed directly onto seed.**
