

# TOBACCO TRANSPLANT SOLUTION

**Tobacco Transplant Solution** could be set in a class all its own simply because it is specifically designed for use on tobacco transplants.

## Application Benefits:

- Contains no chlorine which is excellent in the case of tobacco
- Natural Biostimulant Combination Gives;
  - Reduced Transplant Shock
  - Rapid Seeding Establishment
  - Prolific Root System
- Vitamin package for seeding durability

**TOBACCO TRANSPLANT SOLUTION IS GREAT ON ANY TRANSPLANT. JUST ANY TRANSPLANT SOLUTION IS NOT GOOD ON TOBACCO**

- EASY TO USE
- VERY EFFECTIVE
- LOW USE COST
