

DURA TURF is a proprietary formulation of concentrated potassium fortified with carbon synergists, (**SYNERGIZE C-3**), low molecular weight organic acids, extracts of natural biostimulants, and plant fermentation extracts. It is for use as a foliar supplement to intensively managed turf grasses.

USES:

- ❖ TOURNAMENT PREPARATION FOR MORE DURABLE TURF
- ❖ FOR ALL HIGH TRAFFIC AREAS TO PRODUCE MORE HEARTY TURF
- ❖ FOR QUICK POTASSIUM SUPPLEMENTATION AFTER HEAVY RAINS
- ❖ USE ON COMPACTED SOILS WHERE POTASSIUM AVAILABILITY IS COMPRISED.

DURA TURF CAN BE USED ON ALL TURF TYPES.
