# PEANUT PRO

## PEANUT PEG DOWN POWER

**DESCRIPTION**

PEANUT PRO is a proprietary patent pending formulation of major and micronutrients designed for foliar use on peanuts to facilitate peg down. It is fortified with proprietary low molecular weight organic acids and natural plant extracts.

**COMPATIBILITY**

PEGASUS is tank mix compatible with most non Strobilurin fungicides and insecticides, but due to local water variations that may affect compatibility a standard quart jar test is recommended prior to tank mixing.

**HOW TO APPLY**

Apply with any equipment that delivers a fine even spray mist to the foliage of the crop.

**RATES AND DIRECTIONS**

Apply 1.0 pint per acre 35 and 70 days after emergence. Apply this amount in 10-15 gallons of water. If a spray volume greater than 15 GPA is used, adjust product rate proportionately higher.

**WARRANTY AND CONDITION OF SALE:** Manufacturer warrants that this material conforms to the chemical description hereon and is reasonably fit for use as directed. No other warranty is made, either expressed or implied. Buyer and user, therefore, acknowledges and assumes all risk and liability resulting from handling, storage, and use of this material.
